

Circular No. 2020/Off-01/Apr-20/06

Day & Date: Thursday, April 23, 2020

Dear Parents,

We are all caught in an unfamiliar situation and have no clue of how to deal with it. The need of the hour is to support each other immensely so that we can emerge as winners eventually.

The entire world has been hit badly by the COVID 19 disease and our government has taken timely safety measures of imposing the lockdown which has now been duly extended up to 3<sup>rd</sup> May. People have been urged to follow social distancing but it could not stop the teaching learning process, which crossed the boundaries of four walls and reached our students digitally.

Words are insufficient to thank wholeheartedly the immense support provided by our parents and teachers who left no stone unturned to make it possible in current situation.

- Our Pre-Primary staff kept the excitement of tiny tots alive with the help of parents by sharing paper craft videos, Fun Activity sheets and rhymes to keep the little ones active and playful at home.
- Primary Staff Teachers were enthusiastically on their toes to prepare subject based PPT's, providing videos, and online assessment sheet to assess the understanding of the kids. Apart from curriculum, they were equally engaged in co-curriculum activities (Zumba/ Exercise/ Yoga/ Fancy Dress Competition). Online Class Timetables were shared with the parents, for better understanding.
- Grade VI to X were taken to the online platform and because of their unflinching trust on us, we could run it hurdle free. Teachers geared themselves to go online in order to teach their students. Online timetables/ assessment sheets are provided by the subject teachers to keep the children busy at home.

Looking into the current situation school has made no changes in the fees this year. Accordingly, parent can go on the school portal to pay the fees on monthly/quarterly basis as per their convenience and priority.

In case of any support feel free to call at school number.

**Do take good care of yourself and your loved ones, Stay Home, Stay Safe.**

Regards

Principal
